

ExTRa (Explore, Tour & Reassure) at Northampton General Hospital

The 'ExTRa', Explore, Tour, and Reassure session is an information workshop before you start cancer treatment.

This workshop can be helpful to see where treatment is given and know of the wider information and resources available to you.

You are welcome to bring a guest with you.

Visit the oncology centre, where Radiotherapy and Chemotherapy treatments are given.

Peer Support:
Meet others facing cancer treatment

Visit the Macmillan Information Centre and staff at NGH - know where to go to find the information you need, when you need it.

Meet some of our cancer team, Radiographers, Clinical Nurse Specialists, Patient Engagement Team, Macmillan Citizens Advice Team & Northamptonshire Carers.
